THE
BOOKE OF

James R.

JAMES by the grace
of God King of Eng-
land, Scotland, France
and Ireland, Defender
of the Faith, &c. To Our

Right Trusty and Well-beloued, Our Deputie of Our
Kingdome of Ireland, and to Our Treasurer, Chan-
cellour and Barons of Our Exchequer, and to all Our
Customers, Collectors of Our Customes, Subsidies
and Impositions, Comptrollers, Surueyours, Sear-
chers, Wayters, Officers and Ministers in all and eue-
ry Our Ports, Hauens, and Creekes within Our said
Realme of Ireland for the time being, and to euery of
them: and to all other Our louing Subiects, Greeting.

Whereas by the Lawes of that Kingdome, there is due vnto Vs, Our Heires and Successors, a Subsidie called Poundage, that is to say, the summe of twelue pence of lawfull money of England, of or vpon euery twenty shillings worth of all manner of goods and Merchandizes of euery Merchant, Denizen and Alien whatsoeuer hee be, carried, or to be carried out of the same Our Realme of Ireland, or brought, or to be brought into the same by way of Merchandize, and so after that rate: which Subsidie of Poundage, (by reason of the great and long continued warres in the said Kingdome) hath bene neglected, and no due nor orderly course thought vpon for the collecting of the same; vntill of late that We by the aduice of Our Counsell haue resumed and taken into Our owne hands, as well all Our other Customes in Our said Kingdome, as the said Subsidie of Poundage before mentioned. And for that the Free-men of Our Cities and Ports of Dublin and Waterford, and of Our Townes and Ports of Drogheda and Gallaway, in Our said Kingdome, did claime immunitie and freedome from paying of the said Subsidie and Poundage: Wee haue for the setting of one vniforme course of traffique betweene Our Subiects of Our said Kingdome of Ireland amongst themselves, and al-

so

so betweene Our Kingdomes of England, and Ireland one with another, by Our Letters Patents vnder Our great Seale of Ireland, required to bee leuied to Our vse, vpon euery twenty shillings worth of the goods and merchandizes of the Free men of the said Cities and Townes of Dublin, Waterford, Drogheda and Gallaway, iust so much to bee payed vnto Vs by way of Imposition, as was, or from thenceforth should bee payed vnto Vs by way of Subsidie, by the Freemen and others in all other Our Ports, Hauens and Creekes of the same Our Kingdome of Ireland. And Wee doe also require and command, that by vertue of these presents, you doe forthwith require and cause to bee collected and receiued to Our vse, one other Subsidie, called Tonnage, that is to say, vpon euery Tonne of Wine brought or to bee brought into Our said Realme of Ireland, by way of merchandize, being the Wines of any Our naturall borne Subiects of England or Ireland, the summe of three shillings of lawfull money of England; and being the Wines of any person or persons whatsoeuer, other then Our naturall borne Subiects of England or Ireland, as aforesaid, the summe of sixe shillings of lawfull money of England, and so after that rate for euery greater or lesser quantitie ouer and besides the Im-
post

post accordingly as it at this time receiued in all the Ports, Harbours and Creekes of Our Kingdome of England; and as is expressed in this ensuing Booke, and not otherwise. And whereas the values of the said Merchandizes in former times haue bene accustomed to bee rated and valued at the will and pleasure of such persons, as in the severall Ports of that Kingdome did collect and receive the Customs: which must needs be very uncertaine, unequal, and oftentimes very prejudiciall. For prevention whereof, and of all inconveniencies incident by that meanes, and to the end a more equall and indifferent course may hereafter be taken in that behalfe, We haue caused Our Booke of Rates formerly vsed for valuation of Merchandizes, and collection of Our Customes in that Kingdome to be renewed, and reexamined by persons of best iudgement and experience in the same, who hauing abated the Rates of many Commodities needfull for that Kingdome, and increased some few, as in their discretions they thought most meet and convenient (in regard the same are for the most part such as are rather fit to bee preserved and kept within the Realme for the good of Our Subiects, then to bee ordinarily or ouermuch transported) haue returned vnto vs the said Booke vnder their hands, in such and

the

the same manner, as it is now to bee sent ouer; vnder Our great Seale of England, to remaine for a Record in Our Court of Exchequer of Ireland, and to be put in due and present execution in euery Port, Hauens and Creeke of the same Our Kingdome according to Our meaning herein declared: which being neuer so duely performed, will bee no more then the one Moitie or halfe part of that which is vsually payd vnto Vs by Our Subiects in Our said Kingdome of England: who (ouer and besides all the Subsidies and Impositions, which Wee intend to require to be collected to Our vse vpon the Merchandizes of Our said Subiects of England and Ireland, within Our said Realme of Ireland) doe vsually pay vnto Vs vpon the most kinds and sorts of Merchandizes full so much more by way of Imposition.

Wherefore Our will, pleasure and absolute Commandement is, that all Our Customs and Collectors of Our Customs, Subsidies and Impositions in any Our Ports, Hauens or Creekes of the same Our Realm of Ireland for the time being, shall from and immediately after notice to them given of this Our pleasure, leuy, take vp and collect to Our vse the said Subsidy of twelue pence in the pound, the said Imposition of xij. pence in the pound in all and euery the foure Ports

afore named, and the Creekes and members to them,
 and euery of them belonging, the pettie Custome of
 three pence in the pound due vnto Vs by Merchant-
 strangers, ouer and besides the Subsidie of twelue
 pence in the pound as afore said, according to the pri-
 ces, values and Rates in this Booke following men-
 tioned and expressed, and not otherwise: And also
 the said Subsidie of three shillings vpon euery Tonne
 of Wines which shall bee brought into that Realme by
 any of our Subiects, being naturally borne Denizens
 of Our Kingdomes of England or Ireland, and of
 fixe shillings of like lawfull money of England, for
 and vpon euery Tonne of Wines which shall bee
 brought into Our said Realme by any person or per-
 sons whatsoever, not being Our naturall borne Sub-
 iects of Our said Kingdomes of England and Ire-
 land, as afore said ouer and besides the Impost, accor-
 dingly as is expressed in this Our Booke ensuing, and
 not otherwise, as they and euery of them will answere
 vnto Vs for doing the contrary, at their perils. Wil-
 ling further and commanding Our Treasurer, Chan-
 cellor, and Barons of Our Exchequer, and Our Comp-
 trollers, and Suruyors of Our Customs for the time
 being within all and euery Our Ports, Havens and
 Creekes of the same Our Realme of Ireland, and euery

ry of them; together with our Auditor and Auditors of Our Reuenue there to see that the said Collectors and Customers of Our said Kingdome, and euery of them bee charged duely to answer vnto Vs all and euery the Customes, Subsidies and Impositions before mentioned, and all other Our Customes due vnto Vs in Our said Kingdome, according to the seuerall Values, Rates and prices mentioned in this ensuing Booke for that purpose prepared, and according to Our meaning herein declared, and not otherwise.

And moreover, whensoever any sort or kinde of Goods or Merchandizes shall happen to be carried out of Our said Realme, by way of Merchandize, which shall not bee found mentioned and rated in the said Booke, amongst the Rates for Subsidie or Impost outwards: Our will and pleasure is, that the same shall bee rated to pay Custome, Subsidie, or Impost outwards according to the Values and prices of the same Goods mentioned in this Booke, amongst the Rates for Subsidie or Impost inwards. And furthermore if there shall happen to be brought in, or carried forth of the same Our Realme, any Goods or Wares liable to the payment of Custome, Subsidie, or Impost, which are either omitted out of this Booke, or are not now vsed to bee brought in, or carried forth, or else could

not bee well and iustly rated by the reason of the great
 diuerfities of the said Goods, as Diamonds and other
 Stones and Jewels. Our pleasure is, that in such cases,
 every Our Customer, and Collector of Our Customes
 for the time being, shal leuy the said Custome, Subsidy,
 or Impost vpon all goods of such or like nature, accor-
 ding to the value and worth of the said goods, to bee
 affirmed vpon the Oath of the Merchant, vpon and
 after the sight thereof, in the presence of the Custo-
 mer, Collector, Comptroller, and Suruayor for the
 time beeing, vntill further order shall be taken there-
 in by Vs, or Our Counsell of Our Kingdome of Eng-
 land. Giuen at Our Mannour of East-Greenwich,
 the sixth day of Iune, in the eleuenth yeere of
 Our Reigne of England, France and Ireland, and
 of Scotland the fixe and fortieth.

JAMES by the grace
of God King of Eng-
land, Scotland, France
and Ireland, Defender
of the Faith, &c. To Our
Right trustie, and Right well-beloued Cosin and
Counseller, LIONELL Earle of Middlesex, Our
High Treasurer of England, Greeting. Whereas
for the better answering of Our Customes and Subsi-
dies within Our Kingdome of Ireland, and for the
ease of the Merchants, there was a Commission in the
eleuenth yeere of Our Reigne of England awarded,
vnder Our great Seale of England, for the rating
and valuing of Goods, Wares and Merchandizes,
B 3 as well

aswell to bee brought in, as carried out of the said Kingdome of Ireland: By vertue whereof, diuers Goods, Wares, and Merchandizes were rated and valued accordingly, and the same Goods, Wares and Merchandizes, together with the Rates and values, after which the said Customes and Subsidies should be leuied and collected to Our use, were for the more ready and easie collecting thereof, particularly set downe and expressed in a Printed booke, made for that purpose in the said eleuenth yeere of Our Reigne of England. Now forasmuch as Wee haue taken knowledge, that diuers Goods, Wares and Merchandizes vsually imported and exported into and out of the said Kingdome of Ireland, which are fit to pay, and may well beare payment of Custome and Subsidie, were not then rated nor valued, but wholly omitted out of the said Booke of Rates, and the same haue of late by Our directions, and with consent of the Merchants of that Kingdome, been rated and valued according, as herein after is particularly expressed: Our will and pleasure is, that Customes and Subsidies hereafter leuied and taken to the use of Vs, Our Heires and Successours, for and in respect of the Goods, Wares and Merchandizes here vnder written, according to the Rates and values thereof, as
the

the same are herein particularly also mentioned and expressed, and that the same Goods Wares and Merchandizes, together with the said Rates and Values, shall bee added to the said Booke of Rates, and that the said Booke of Rates shall bee newly imprinted with the said addition, to the end, that the same being newly imprinted, all men may take notice of this Our pleasure, and the same remaine as a rule, square, and direction for leuying and gathering Our said Customs and Subsidies accordingly. For the better publication of which Our pleasure, We intend to giue directions & Warrant to Our Deputie of that Our Kingdome, after the said Booke shall bee newly imprinted. These are therefore to require you forthwith to giue order and direction, and to cause that the said Booke of Rates, so soone as conueniently may be, be newly imprinted, with addition thereunto of the Goods, Wares and Merchandizes, and the Rates and Values of them, in such maner as in these presents they are particularly set downe and expressed, and that the said old Booke of Rates, with the said addition, bee made into one entire Booke of Rates, by which Our Customs and Subsidies in Our said Realme of Ireland, may bee hereafter taken and receiued, according to Our pleasure herein declared. And these Our Letters

*ters Patents shall be your sufficient Warrant. Given

 minster the last day of December, in the one

 grace of **G O D** King of
England, Scotland, France
 and *Ireland*, Defender
 of the Faith, &c. To Our
 right trustie and welbeloued Counsellour,
Richard Lord Weston, Our high Treasurer of
England; and to Our right trustie and welbe-
 loued, our Deputie of Our Kingdome of *Ire-*
land for the time being: And to Our Lords
 Iustices of that Kingdome now and for the
 time being; and to Our Treasurer, Chancellor
 and Barons of Our Exchequer of Our said
 Kingdome of *Ireland*, and to all Our Custo-
 mers and Collectors of Our Customes, Sub-
 sidies and Impositions, Comptrollers, Sur-
 ueyors,

ueyors, Searchers, Waiters, Officers and Ministers in all and euery Our Ports, Hauens and Creekes, within Our said Realme of *Ireland* for the time being, and to euery of them, and to all other Our louing Subiects, Greeting.

Whereas for the better answering of the Customes and Subsidies of Our deare Father of happy memory within Our Kingdome of *Ireland*, and for the ease of the Merchants, there was a Commission in the eleuenth yeere of His Reigne of *England*, awarded vnder His Great Seale of *England*, for the rating and valewing of Goods, Wares and Merchandizes then as well to bee brought in, as carried out of the said Kingdome of *Ireland*, By vertue whereof, diuers Goods, Wares and Merchandizes were rated and valued accordingly. And the same Goods, Wares and Merchandizes, together with the Rates and values after, or according to which, the said Customes and Subsidies should be leauied and collected to Our said late Fathers vse, were for the more ready and speedy collecting thereof, particularly set downe, and expressed in a Booke made for that purpose in the said eleuenth yeere of Our said late Fathers Reigne of *England*, whereof
transcripts

transcripts have been published in print, that all might take notice thereof.

And whereas Our said late Father (having taken knowledge that diuers Goods, Wares and Merchandizes then vsually imported and exported into, and out of the said Kingdom of *Ireland*, which were then fit to pay, and might then well beare payment of Custome and Subsidie, were not then rated, nor valued, but wholly omitted out of the said Booke of Rates) did by his Letters giuen vnder His Priuy Seale at His Palace of *Westminster* the last day of December, in the one and twentieth yeere of His Reigne of *England*, directed to his then Treasurer of *England*, declare that the same Goods, Wares and Merchandizes so omitted, had of late by Our said Fathers directions, and with consent of the Merchants of that Kingdome, beene rated and valued, according as therein after was particularly expressed: And did thereby declare His wil and pleasure to be, that Custome and Subsidie thereafter should be leauied and taken to the vse of Our said late Father, his Heires and Successors, for and in respect of the Goods, Wares and Merchandizes there vnder written, according to the Rates and Values

there-

thereof, as the same were therein also mentioned and expressed. And that the same Goods, Wares and Merchandizes, together with the said Rates and Values, should be added to the said Booke of Rates. And that the said booke of Rates should be newly imprinted with the said Addition, to the end that the same being newly imprinted, all men might take notice of that Our said Fathers pleasure; And Our said late Father, by the same his Letters giuen vnder His priuie Seale, did require his said then high Treasurer of *England*, forthwith to giue order and direction, and to cause that the said booke of Rates, so soon as conueniently might be, should bee newly printed, with addition thereunto of the said Goods, Wares and Merchandizes so formerly omitted, and the Rates and Values of them, in such manner as in the same Letters vnder His priuie Seale they were particularly set downe and expressed. And that the said old booke of Rates, with the said Addition should be made into one entire Booke of Rates, by which Our said late Fathers Customs and Subsidies in his said Realme of *Ireland*, might be thereafter taken and receiued according to His pleasure therein declared, as by the
the

the said Letters vnder His Priuy Seale more at large appeareth. And whereas diuers Goods, Wares and Merchandizes, together with the Rates and Values of them, were accordingly afterwards added to the then Booke of Rates, and the same Booke of Rates was afterwards newly imprinted with the said Additions, In the yeere of Our Lord God, one thousand sixe hundred twenty and foure; As by the same imprinted Booke more at large also appeareth.

Now Our will and pleasure is, And Wee doe by these presents for Vs, Our Heires and Successours, constitute, ordaine, and appoint, there shall be for euer, from and after the feast of the Annunciation of the blessed Lady, the Virgin *Mary* next ensuing the date hereof, leauied and taken to the vse of Vs, Our Heires and Successors, the same or like, and as great sums of money, and after the same rates and proportions in euery respect, for and in respect of all Wines, Goods, Wares and Merchandizes in the said Booke of Rates, so lastly imprinted in the said yeere of Our Lord God, one thousand sixe hundred twenty and foure, brought into the said Realme, or caried forth of the same, according to the Rates and Values therof, as the

same are therein particularly mentioned and expressed; Excepting for and in respect of liuing Cattell, Hides, Wooll, linnen Yarne, commonly called Irish Yarne, Tallow, Butter, Herring, Pilchers Salt, Rugs called Setts, & Wines; vpon which excepted Goods and Merchandizes to be caried foorth of the said Realme, or brought into the same, Our will and pleasure is, to lay such increase and addition of Payments, as together with the summes of money by the said last imprinted Booke of Rates limited, and appointed to be paid respectiue for the same, shall in the whole amount vnto the feueral and respectiue summes hereafter mentioned, that is to say, two shillings of English money for euery liue beast, foure pence of like money for euery stone of Wooll containing eight pound, twenty shillings of like mony, for euery packe of linnen Yarne, called Irish yarne, containing foure hundred pounds waight, at sixe-score to the hundred; eightene pence of like money for euery hundred of Tallow containing one hundred and twelue pounds; two shillings of like money, for euery barrell of Butter; twelue pence of like money, for euery barrell of Herring; sixe shillings of like money,

And Our further will and pleasure is, that the same Goods, Wares, Merchandizes and Wines, so excepted and mentioned as aforesaid, together with the said seuerall summes of money so to be paid, for, and in respect of the same, shall be inserted into the said last imprinted Booke of Rates so printed in the yeere of Our Lord God, one thousand sixe hundred twenty & foure, as aforesaid. And that the said former Booke of Rates, so printed in the yeere of our Lord God one thousand sixe hundred twenty & foure as afore said, with the said additions to be printed a part by themselves as afore said, be made into one entire Booke, by which Our Customes, Subsidies and duties in Our said Realme of *Ireland* may be after the
